55.                        one. Yeah, take it away. Mos Eisley made its first appearance in the original
       1977 film, Star Wars. It is depicted as a busy, bustling port city situated in a ↵
56.                        desert plain, populated with transients of all species. The lawless spaceport
       attracts criminals, smugglers and fugitives.[2] Spacecraft land at docking bays ↵

62.                        violence among the clientele. The cantina attracts a range of exotic alien

65.                        This is the first time a lightsaber is used in combat on-screen in the Star
       Wars franchise. Obi-Wan introduces Luke to a pair of smugglers, Chewbacca and Han Solo, ↵
66.                        and they negotiate terms for passage to the planet Alderaan, which prompts
